

Abstract:

This diploma thesis deals with the issue of The Analysis of Construction Activities of the Flavian Dynasty Emperors in the Territory of the Roman Provinces. The Emperors are Vespasian, Titus and Domitian. The time of their rule is second half of the 1. century AD. It is about their lives and impact of the roman provinces territory. All three Emperors are known for their architecture boom in Rome and Italy, but in Roman Provinces it is about Territory expansion. Each Emperor of Flavian dynasty have a big interest in this Era and this leads to architecture construction, where was only barbaricum before it.

Key words: Archaeology, Classical Archaeology, Roman Empire, Roman Provinces, Flavian Dynasty, Architecture
