Abstract

This thesis is focused on folkloristic work in Domažlicko, Klatovsko and Sušicko at the end of 19th and beginning of 20th century. There is a comparison their findings in periodicals, especially in journal Český lid, published 1891–1914 and 1924–1932. Except published articles is the theses focused on correspondence with the authors and their manuscripts. They are in the estate of Čeněk Zíbrt, the editor of the journal.
