ABSTRACT
The aim of this work is to address the problems of returning inhabitants of Sedlčansko from exile and to bring this issue into context of development (1945-1950) of the named territory. In particular, primary (archive) sources are used in the thesis, on which bachelor thesis is based.

KEYWORDS
Sedlčany, Sedlčany region, WWII., life in Sedlčany region 1945-1950, elections 1946, the beginning of collectivization
