

Annotation

The main theme of the bachelor's thesis *"Themes about women and for women in Narodni politika and České slovo in 1944 to 1945"* is a woman and her position during the Protectorate of Bohemia and Moravia.

The first part of the bachelor's thesis contains a chapter that describes the historical period - the Protectorate of Bohemia and Moravia. The next chapter is about women in the protectorate. In the first part, there are two chapters, which are about protectorate legal press and about particular periodicals.

The second part of the bachelor's thesis is a practical part that deals with the quantitative and historical analysis of topics about women and for women in Narodni politika and Ceske slovo in 1944 and 1945.
