Michal Horný, Ph.D., MSc.

Andrea Menclová, Ph.D.

Datum obhajoby: 13.05.2020 **Místo obhajoby:** Praha

Hlasování komise: prospěl/a: 5 neprospěl/a: 0

Průběh obhajoby: The Defense Committee Chair welcomed all participants and initiated the defense by verbal statements confirming (i) that a satisfactory number of Defense Committee Members were present, (ii) that the student fulfilled all the requirements as listed in the Study and Examination Code of Charles University including showing the appropriate documents.
The Defense Committee Chair introduced all committee members and asked Jana Votapkova to present her dissertation thesis. Jana Votapkova shortly described the main topics, methodologies, and findings of the dissertation. Afterward, Jana Votapkova focused on the first chapter called "Efficiency of hospitals in the Czech Republic" in more detail.
After reading the referees' (appointed by the Graduation Council) comments, an open discussion followed. During the discussion, Jana Votapkova satisfactorily answered all the questions from the audience.
During the Defense Committee voting, Jana Votapkova left the online session and re-connected to hear the defense result.

Question: Difference of efficiency measures due to the principal-agent problem between public and private hospitals? Answer: Jana Votapkova described the problem in terms of the Czech Republic health system.

Question: More detail on private participation optimal level? Answer: Jana Votapkova summarized that at this point, it is difficult to give some general recommendations regarding the optimal level.

Question: Which hospitals are the least efficient? Answer: Jana

Votapkova provided the answer, which was university hospitals.
