

ABSTRACT

The diploma thesis is divided into theoretical and practical part. It deals with preschool education and foreigners in the Czech republic within its theoretical part. It focuses on the education of foreigners in the Centre for Preschool Children (CPD) in a children and youth centre of the capital city Prague, DDM hl. m. Prahy. Theoretical knowledge is applied in the practical part. The practical part of the thesis approaches the reality of foreigners' education in CPD in DDM hl. m. Prahy through seven case studies. The main aim of the thesis is to analyse the specifications of working with children of different cultures in CPD. The aim of the thesis is to introduce ways of teaching other cultures in CPD. The application aim of the thesis is to help pedagogues of the Centre for Preschool Children in DDM hl. m. Prahy work with children of other cultures and help them be better prepared for situations that may occur. The outcome of the thesis is a recommendation for working with particular children in CPD. The thesis gives basic orientation in the topic of education of foreigners in the Centre for Preschool Children in DDM hl. m. Prahy and can be extended.
