

The aim of my diploma thesis is to introduce the development of Pivoň monastery in the historical background. The main part is divided in following thematical order. 1. The origins of monastery, which are still, due to non existing foundation charter, uncertain. 2. The Pivoň monastery in the history until present time. 3. The relationships between regulars and liege people, which are being explained on the basis of charters and documents from this period. 4. Hermits, saints and patrons of monastery. 5. The document from the year 1740 *The Anniversary Festivities of Contending and Exultant Church in the Year of Jubilee*.
