

## **Abstract**

Bachelor's thesis refers the issue of leisure time for pupils of first - degree primary school in a school club. The aim of work is to focus on an annual plan of the "School Club" at Primary School in Dobřichovice, for pupils of grade 4 and 5. This place represents a temporary safe place. Pupils should learn how to manage their leisure time in the afternoon before going to the second level of school.

The work is divided into two main parts, theoretical and practical. The theoretical part deals with theoretical starting points of time from the point of view of philosophy, as well as the concept of leisure time in the life of pupils of younger school age. It deals with the interest activities and stated educational objectives in the leisure time of pupils.

The practical part of the work contains a summary of the various activities of the annual plan and other activities in the school club. The annexes contain both the annual plan as well as the individual projects and activities divided into individual monthly units.
