Author's name:

Silia Ioannidou

Supervisor's name:

Mgr. Ilona Kučerová

The title of the bachelor thesis:

Case Study of Physiotherapy Treatment of a Patient with Rheumatoid Arthritis

The aim of the bachelor thesis:

Provide informative content about risks, pathology, and general information about rheumatoid arthritis disease, as well as to analyze the diagnosis and treatment of a patient diagnosed with rheumatoid arthritis.

1. Scope:

number of pages of the thesis / text	91/81			
number of used sources	26			
others	tables	fig./photos	graphs	supplements
	18	7	0	6

2. Formal and language level of thesis:

	excellent	very good	good	unsatisfactory
degree of fulfillment of the goal of the thesis		x		
work with literature, use of citation standard			x	
work editing (text, graphs, pictures, tables)	x			
stylistic level of the text		x		

3. Evaluating criteria of the thesis:

	degree of evaluation			
	excellent	very good	good	unsatisfactory
quality of the content and processing the theoretical part		x		
logical structure of the thesis and balance of the chapters	x			
chosen examination techniques, design and their recording	x			
chosen therapeutic techniques, design and their recording	x			
ability to evaluate the intervention and interpretation of the results	x			
level of the work evaluation in relation to current knowledge	x			

4. Usefulness of the results of the thesis in practice:

above average average below average

5. Additional commentary and evaluation, questions for defense:

Questions: 1. How did you train the gait stereotype with the patient? Did she improved walking up the stairs after therapies?
2. What are the risks of physiotherapy treatment in patients with rheumatoid arthritis?

+ Chapter 2. 7 Therapy and treatment of Rheumatoid Arthritis (pg. 23-28) well and clearly written chapter
+ Pg. 55 Very well-set therapy plans, perfectly fits to the patients condition and therapy options
+ Day to day therapies (Pg. 56-77) are very detailed, variable and all-embracing, certainly very beneficial for the patient.

- Bad translation of abstract: Abstract translated as „Abstraktní“, some of sentences do not make much sense - including bad gender translation.
- sources of Figures are missing
- Stages of RA – pg. 14- 15 source is missing
- Chapter 2. 5 (pg. 17-21) source is missing
- There are a few shortcomings in stylistic level of the text: e.g. pg 10 IP is missing, MCP are there twice, pg. 79 in some sentences a dots after sentence are missing.
- Pg. 55 Long term therapy plan includes : Improve the DLA (daily life activities), commonly used abbreviation is ADL: Activities of daily living
- TrgPs and SMS abbreviations (pg. 58, 67) are missing in the list of Abbreviations

6. Statement of the supervisor:

I declare that all referenced sources are properly cited or paraphrased in the thesis.

7. Recommendation for defense:

yes	yes-with-reservations	no
-----	-----------------------	----

8. Proposed classification level:
