

Author: Martin Horčík

Title of the thesis: The issue of coaching in contemporary sport.

Location: Pedagogical Faculty department

Thesis tutor: Doc. PhDr. Petr Jansa, CSc.

Presentation year: 2008

Survey:

Thesis aims: The thesis is focussed on the characterisation of the current issues in the work of coaches in selected sports. The appraisal of the data on the coaches' attitudes about contemporary sport and its comparison from the viewpoint of individual and collective sports.

Methods used: Gathering of the data through a questionnaire completion, interview and the analysis of the answers obtained by the research using a unified questionnaire.

Results: Detection of the fact that the opinions and attitudes of the coaches do not differ significantly in the chosen sports.

Key words: Coach, sports, coaching, training, education, shape.
