Overall evaluation:

Marketa Svobodova's thesis stands out as one of the most insightful and mature works I've had the privilege to review. It methodically sets forth clear research objectives, offers a comprehensive review of existing literature, and presents a well-defined theoretical framework. The empirical analysis is further enhanced by original interviews. The thesis concludes with an informed discussion and a concise summary. Given its excellence, I believe it merits transformation into a journal article for publication.
