Course of defence: Record of the progress of the MSc. Daria Nawrot defense
Chairman of the commission prof. PharmDr. Petr Zimčík, Ph.D. he welcomed everyone present and introduced the doctoral student. Then the supervisor prof. PharmDr., Martin Doležal, Ph.D., in his evaluation praised the work and publication activity of the candidate. Daria Nawrot then presented the content of her dissertation to the committee and others present using a powerpoint presentation. The presentation of the achieved results was clear and adequate. Subsequently, opponents Prof. Musiol and Prof. Musílek (the opinion was read on behalf of the chairman of the commission Prof. Zimčík) read their opponents' opinions. The doctoral student responded correctly to the opponents' comments and questions. This was followed by a discussion in which the following spoke with questions and comments: Assoc. Prof. S. Rádl asked her about the use of combinatorial chemistry and the possibility of studying quinolinic acid isomers, Assoc. Prof. V. Nováková was interested in synthetic difficulties and Prof. Zimčík in silico evaluation. The candidate answered all questions promptly. A closed session followed, when 7 members of the OR present and 3 connected online voted as follows: 10 positive votes, none against, no abstentions. Based on the result of the vote, the committee recommends awarding the MSc. Daria Nawrot academic title "Doctor" (abbreviated as "Ph.D." given after the name) according to § 47 of the Higher Education Act No. 111/1998 Coll.
