

## **ABSTRACT**

This bachelor's thesis is focused on the translation of the expert article *La evolución socio-cultural de la Amazonía prehispánica y colonial: nuevas perspectivas*, written by professor Juan Carlos Solórzano Fonseca. The thesis then continues with a practical part, which includes a translation analysis of the source text, description of the translation problems and the solutions.

**Key words:** Amazonia, rainforest, indigenous people, society, chiefdom, translation analysis, translation problems
