

**Abstract (in English):**

This work will focus more in detail on the theme of magic in the studied work and will try to prove or disprove its presence. Later, It'll be explained the issue of difference between sorcery and witchcraft. With the mentioned part will relate a question if Celestina and Claudina practice sorcery or witchcraft. All those questions will be studied via comparison of at least two studies that will try to describe given topic. During the examination of Celestina and her mentor, the description of the individual characters will play an important role. Before that it will be explained where did the character of Celestina came from.
