

REPORT OF BACHELOR THESIS

Opponent's name: Mgr. Ivana Karlova

Leadership's name: Mgr. Miroslava Jalovcova

Student's name: Kine Grue

Title of diploma thesis:
Facial nerve paresis

Goal of thesis:
The goal of this casuistic work is description of theory related to topic of VII. cranial nerve paresis, therapeutical approaches, examination and day by day therapy.

1. Volume:

* pages of text	50
* literature	34 (24 electronic, 3 picture sources)
* tables, pictures	11 , 20

2. Seriousness of topics:

	above average	average	under average
* theroretical knowladges	x		
* input data and their processing	x		
* used methods		x	

3. Criteria of thesis classification	evaluation			
	excellent	very good	satisfactory	unsatisfactory
degree of the aim of work fulfilment	x			
depth of analysis of thesis	x			
logical constutruction of work	x			
work with literature and citations		x		
adequacy of used methods		x		
design of work (text, graphs, tablels)	x			
stylistic level	x			

4. Usefulness of the thesis outcomes: above average

5. Comments and questions to answer:
