

ABSTRACT:

TITLE

The summary of world championships in football

THE AIM OF THE THESIS

The aim of the thesis was to describe the main events of all so far played championships in football, the atmosphere of these periods and to refer that football goes beyond the frame of sports happening. Consequently, I focus on earmarking the leaders' category of the world championships from these matches.

METHOD

As my thesis has qualitative coverage, therefore I used qualitative research. It is concerned with a descriptive analysis, which provides us with a detailed information from the surrounding. This information was extracted from document files.

RESULTS

My work is a well-arranged study of all world championships in football taken place from 1930 to 2006. It includes events and history of these championships, moreover defines categories of the best representations, the main favourites and games page of all championships.

KEY WORDS

Football, world championship, final matches
