

## **ABSTRACT (English version)**

**Title:** Comparison of extreme relay races: Adrenalin Cup and Dolomitenmann

**Objective:** Analysis of extreme relay races and their comparison leading to recommendation and improvement suggestion

**Methods:** Selected methods used for research are descriptive analysis and comparative analysis

**Result:** The dissertation shows the possibilities for organizing both races more effectively and brings a short instruction manual how to organize a similar sport event.

**Key words:** Sports management, race organizing, sponsorship, sport event management, descriptive analysis and comparative analysis
