

Abstract

We live in modern times, when everyone is rushing somewhere, and everything you try to lighten it. Today's children are actually at a disadvantage. A large number of techniques are slowly but surely moving away naturally. Because children are our future, it is important to obtain valuable to nature and holistic relationship than from the Internet or television. Because today's children have great opportunities to obtain information from the media, but the real nature are somewhat lost, I decided to create worksheets for primary and secondary schools, as an example of how this beautiful and natural place to use the rich. I decided to see how schools around the Pruhonice Park, and how to actually put to use this park. Pruhonice Park is a charming place near the capital city of Prague. It is a place full of natural wealth and beauty that can not leave unnoticed.
