Title of diploma thesis: Historical Development of Pharmacy Practice in the Region of Litoměřice

Object and purpose of this thesis is an effort to capture the defining features of the historical development of pharmacy in Litoměřice region since ancient times to the present. The problems of pharmaceutical development are observed in close contact with the ups and downs, in general, the specifics of the historical development of the city and surrounding region. It is considered in the meantime in close connection with the major developmental milestones in the health field. The thesis focuses on a chronological description of pharmacies in Litoměřice. The final section is devoted to changes in pharmacy since 1989 and to the current state of pharmacies.
