

Supposed work attempts in its three chapters conceive as wide as possible spectrum of conditions, informations and angels of different views, which are necessary to take into account in setting up of further development (education) of teachers in area of personal and social development. It is whole life process of improvement , which influence further acts of the teacher on students and his own life.

It has not as a target to solve the problems, it only outlines whole mentioned thematic. Most of informations were taken from relevant pedagogic literature and laws. Actual themes and discussions where taken over from web discussions. At the end of each chapter an author tries to summarize a groundwork found out in literature and expresses her own opinion.
