

Annotation Questions concerning evil and suffering are those, which people ask the most often. What is their reason and purpose. The authoress seeks the answer with the aid of the book Job from the Old Testament. At the beginning she acquaints us with the book and analyzes its individual parts. She takes notice to the reflection of the story of Job in theological literature as well as in fine arts. The book of Job depicts with evil and suffering. Authoress therefore afterwards thinks of these terms in a wider connection. According to her, no simple answer likely exists. Instead, the final part of the work brings in burning questions, concerning past and present. It calls appeal for our further thinking about them.
