BUSINESS REGISTER OPERATION

Business register is one of the basic institutions which have as the object to provide safeness and transparency of business environment. Its main function is to serve businessmen and community. It is often subjected to criticism because of its complexity, some difficulties, slow operation, decision unpredictability, discrepancy between records and real situation, etc. This is the reason why business register is taken as an obstruction to economic development and as an argument which prevents foreign businessmen from investing.

The aim of this work is to provide an integral review of business register institution, to show controversial regulations relating business register, to answer the questions whether business register operation is still the subject of justified criticism and to try to offer perspective improvement of business register operation.

This rigorous paper is divided into 13 chapters. The first chapter contains the subject, the task and the aim, analysis methods and the description of the whole rigorous paper composition. The second chapter presents the analysis of business register historic development, because it is very important to look through the past in order to provide the better analysis of present legal situation. After this chapter important community regulation related to business register and significant register acts are mentioned. Substantive and procedural legal regulations of business register in the Czech Republic are presented in the forth chapter and up to the eighth chapter. After the analysis of Czech business register

legal operation the analysis of foreign business register legal operation, especially in Germany and Slovakia, is offered in the ninth chapter. The paper conclusion presents some considerations regarding possible ways of perspective improvement of business register operation, especially the improvement of business register formation and better realization of business register objectives and tasks.

The work reflects valid legal regulations on the date 1.7.2010.
