

Abstract:

This diploma thesis is focused on the origin and history of elementary education system in the area Prague- west. The work is divided into two main parts, theoretical and practical. The theoretical part chronologically introduces the history of the schools since their inception (complete dissolution), to the present.

The history of a particular schools in this area is the material source used to formulate the project for for students of different schools as the general public. The main aim of this project is to familiarize pupils with the history of their school and to strengthen the students' relationship to the school. The project will be realized in the school year 2014/2015.

All proposed activities and expected outcomes are formulated according to the Framework Educational Programme.
