

Annotation

Bachelor thesis (in form of a case study) *Ringstrasse as a showcase of monarchy. Politico-social aspects of remodelling of Vienna at the turn of the century* throws light on the reasons and effects of liberal period in Austria-Hungary and its reflecting in the face of the city.

Most attention is given to the street itself, its genesis and its meaning. Rightly the buildings, parks and memorials in singles have huge symbolical meanings. They impersonate ideas of the period.
