

ANOTATION

Mikulková, K.: Industrial landscape: Poldi as a phenomenon in the landscape and interpersonal relationships. /Bachelor Thesis/

Prague, 2012, Charles University in Prague, Faculty of Education, Department of Art, 57 p.

ABSTRACT

This thesis is focused on the phenomenon of industrial landscapes. The thesis deals with the phenomenon of industrial landscapes, specifically the smelter Poldi. It focuses on the relationship of the landscape, industrial heritage and human. It describes the landscape of Kladno from the point of view - artistic, historical and geological. The practical part is trying to capture the problem of time and space in the form of videos and objects installed in the former smelter Poldi.
