

REPORT OF BACHELOR THESIS

Leadership's name:

Mgr. Lenka Satrapová

Student's name:

Eirik Tempelhaug

Title of diploma thesis name:

A case study of the Physiotherapy treatment of gonartrosis (arthrosis of the knee joint).

Goal of thesis:

The aim of the thesis was to report the case study of gonartrosis and review knowledge about anatomy, neurology, kinesiology and pathology underlying the patients condition, and in addition an attempt to review the development of this diagnosis.

1. Volume:

* pages of text	54
* literature	31
* tables, graphs, appendices	30 tables, 11 pictures, 4 appendices

2. Seriousness of topics:

	above average	average	under average
* theroretical knowledges		X	
* input data and their processing		X	
* used methods			x

3. Criteria of thesis classification

	excellent	very good	satisfactory	unsatisfactory
degree of aim of work fulfilment	x			
<i>the aim of the work was fulfilled</i>				
independence of student during process of thesis		x		
logical construction of work		x		
work with literature and citations		x		
<i>some of the chapters only from one source - 2.3 (Lippert, 2011), 2.4.2 (Moots, 2004)</i>				
adequacy of used methods			x	
<i>1) the practical part describes day by day therapy, but the order of the procedures is not absolutely correct</i>				
<i>2) the sensomotoric training is without any change in all 7 therapy sessions</i>				
<i>3) whole therapy is relatively simple</i>				
design of work (text, graphs, tables)		x	x	
<i>1) the whole work is unfortunately printed both-sided, which is not correct form</i>				
<i>2) very nice tables and pictures appropriately illustrates the thesis</i>				
stylistic level	x			

4. Usefulness of the thesis outcomes:

under average average

5. Comments and questions to answer:

1) Student did not use fully the possibility of consultations of the thesis.
 2) Can you describe some more possibilities of the sensomotoric training with your patient?
 3) What other sport activities would you recommend to your patient (except hiking with sticks, which you have mentioned in long-term plan)?

6. Recommendation for defence:

yes no

7. Designed classificatory degree

very good

according to defence

Date: 9.9.2012
