

Katalánský autonomní statut a jeho reforma z roku 2006

Bakalářská práce

Abstract

The Bachelor Degree Thesis " Statute of Autonomy of Catalonia and its reform in 2006" is a analysis of catalan autonomy during 20th and 21th century and comparasion of individual autonomous statuses. Thesis also contains related historical information about development at Catalan territory and important milestones in history of Iberian peninsula as well as Spanish transition to democracy and the Spanish Constitution in 1978. My work thus provides complex picture of Catalan autonomy and its development.
