Dejiny slovenského pietizmu a jeho vplyv na spoločnosť a kultúru

History of Slovak pietism and its influence on society and culture

The dissertation entitled *The History of Slovak Pietism and Its Influence on Society and Culture* is a contribution to the history of church in Slovakia. The work is divided into five chapters. The first two ones deal with the survey, assessment of the past and contemporary research in this field of study and the relationship between worldwide and Slovak Pietism. The core of the work are the next three chapters devoted to the inception (1675-1707), growth (1708-1757) and abating (1758-1803) of Slovak Pietism with accent on personalities and their works of each era.
