

Anotation

Changes in Kolín parish in the years 1985-2000

The studied period was placed into wider context of religious and political situation in the whole country and in Kolín as well. The Church didn't feel the hostility only in the 1980s, but it was already observed during first reformation. That is why the work begins with a short excursion into the history, so that it can smoothly connect with the studied period.

Key words: Spiritual administrator, priest, parish, Kolín, believers
