

Key words: 360°feed back, evaluation teacher's competences, teacher's competences

Abstract:

The theme of diploma work is evaluation of teacher's competencies. Work verifies possibility to use method of 360° feedback for this evaluation. Work further describes method of 360° feedback as a subject of research. Research methods used for verification of usability of 360°feedback, are questionnaires and interviews. Work focuses on middle school teachers' competencies.
