

## **Annotation**

The bachelor thesis called „Blessing in peace and blessing of peace“ explores the context and the relationship between two concepts: the blessing and peace.

The first part deals with the blessing and peace as a fundamental theological concepts of the biblical world, describing their semantic richness, occurrence in the Bible, deals with the development and character, noting their aspects: giving, dynamism and ability to spread.

The second part follows the blessing and peace in the biblical stories of three characters: Jacob, Jeremiah and Job. This part examines blessing and peace in world characters, life's struggles characters and change themselves and change their relationship with God and people.

All bachelor's thesis accompanies the question: Is the peace peak of blessing?
