

## **Abstract**

This bachelor's thesis themed about the political party Batasuna thus, elaborating on The Analysis of Illegalization Process of the Basque Nationalist Party. This political party is nationalist party to begin with, and is typical for Autonomous community of the Basque country . This community is specific by its exclusive competencies in territory of Spain. The cultural and historic development in Basque is unique. The thesis describes the amendment of the Act approved in 2002 in great detail. There used to be law applied to original political parties (i.e act 54/1978). A Large section of the thesis is based on characteristics, programs, activities, successes in polls and important members of nationalist party Batasuna. Terrorist organization, ETA is playing particular role in the illegalization process of Batasuna. Batasuna was banned by the year 2003. All major events pointing to the process occurred before. These facts affected spanish opinion and attitude of Batasuna. The banning process itself is described thoroughly. Also in the thesis are mentioned illegal activities of Batasuna and reason for its illegalization. Judicial trial of European Court of Human Rights was conducted by Batasuna.
