

TITLE:

The participation of the Czech Police in school preventive programs

AUTHOR:

Monika Holubová

DEPARTMENT:

Ústav profesního rozvoje pracovníků ve školství

SUPERVISOR:

PhDr. Jiřina Novotná

ANNOTATION:

The work focuses on primary prevention at primary school. It deals with the participation of the Czech Police to implement preventive programs at schools. Empirical probe deals with the implementation of the program for the case of two classes and effectiveness of the program. It also deals with the learning outcomes for the immediate termination of the program through didactic test.

KEYWORDS:

evaluation of educational program, school curriculum, risk behavior preventiv program, participation of police in education
