

MOROCCO'S RELIGIOUS POLICY SINCE 2003

The year 2003 marks a beginning of a new era in moroccan religious policy, which aims at an unification of religious field in the kingdom and a fight against islamic radicalism. Moroccan king Mohammed VI. succeeded in management of both internal and external threats to his kingdom's stability in past twelve years and in a comparison with his counterparts he managed to emerge strengthened out of crisis of the first decade of a new millennium. Main topic of this essay is to map an effort to control moroccan religious scene by state and its achievements and failures.
