Abstract

Bachelor thesis "Baroque monuments in the Sedlčany" at first devote to characterization of the area of Střední Povltaví and Sedlčansko with regard to their history. The following chapter is dealing with the origin and history of Sedlčany in times of their owners. Furthermore the work focuses to dean church of st. Martin, architectural development and inventory. Then the attention shifts to the baroque cemetery church Nanebevzetí Panny Marie and his inventory. Subsequently, the thesis briefly introduces chapters of the deanery, the Marian column in the square and unrealized castle by Antonio della Porta.
