

Abstract

The thesis will focus on the first exhibitions of the industrial goods in Bohemia between the years 1754 and 1836. In every one of the chronologically sorted chapters, including each exhibition, it will focus on themes such as the changeover between manufactures and the industrial production, the role of craftsmen, the role of the emperor and aristocracy supporting the Czech industry, the foundation of Unity for the development of the Bohemian industry. The thesis is also focused on finding the subjects, which were displayed on the first exhibitions.
