Pharmacy

Mentor evaluation of diploma thesis

Student: **Matthildi Kanavi**

Mentor of the thesis: PharmDr. Petra Malátková, Ph.D.

Year of the defence: 2015

Title of the thesis:

In vitro biotransformation study of fenofibric acid

The topic of the thesis was chosen from the list of topic of department

Work with literature very good.

Language skills very good.

Student invention excellent.

Student worked independently.

Problems and issues were solved independently with mentor help.

Work in the lab was excellent.

Results interpretation correct with small corrections.

Processing of thesis was correct with mentor corrections.

Graphical processing for the thesis excellent.

Mentor comments to thesis and student approach:

Student Matthildi Kanavi worked with big enthusiasm and responsibility. After acquiring of required working skills she worked independently and carefully. She was involved in all parts of biotransformation study including HPLC analysis. She was able to process the data, understand the results and interpret them. She was very interested in the topic and thoroughly studied the literature. The results of her thesis will be published in prepared article and are basis for other research.

Evaluation of diploma thesis: excellent, to defense: recommended

In Hradec Kralove 19.5.2016
