

## **Abstract**

**Title:** Development and position of Beach volleyball in the Czech Environment.

**Objectives:** The aim of this thesis is to describe and evaluate the Czech beach volleyball history since its beginning. The next aim is to delineate the way of organizing and integration of beach volleyball into the Czech sport environment.

**Methods:** The paper used the methods of qualitative and quantitative research. Different methods of personal interviews are used to collect data about development and status of beach volleyball from athletes and officials. Computer Assisted Web Interviewing (CAWI) is applied to public.

**Results:** I created a complete overview of the Czech beach volleyball history, as developed in the Czech sports environment, to the present. In the second part, I delineated an organization of beach volleyball and its emplacement in our conditionals in detail – both in a public and the private sector.

**Keywords:** Organization, Beach Volleyball, Sport Organization
