

This bachelor thesis is focused on phraseology of Russian and Czech languages which meanings contain antonyms beautiful – ugly. Examined are idioms describing the external appearance of humans, they are divided into different groups – beautiful, ugly, fat and slim. The second part of this thesis consists of the evaluation of our questionnaires in which we have involved Russian and Czech high school students living in the Czech Republic. Thanks to the questionnaires we have checked knowledge of this part of phraseology among young students.
