

Report on Bachelor Thesis

Institute of Economic Studies, Faculty of Social Sciences, Charles University in Prague

Student:	Hayk Bunatyan
Advisor:	Doc. Ing. Tomáš Cahlík, CSc.
Title of the thesis:	Millennium Development Goals: Comparison and Analysis of Armenia, Azerbaijan and Georgia

OVERALL ASSESSMENT (provided in English, Czech, or Slovak):

This bachelor thesis puts together a lot of information related with Millennium Development Goals for the three countries involved.

I have made comments to previous versions and I really believe that Hayk has used up all the potential he has developed during his studies at the IES. It would be nice if some more technical analysis were incorporated into Hayk's thesis, but I did not want to push Hayk too strongly in this direction (BEF students have just the Econometrics I course). I believe that this thesis can serve to anyone to get the basic information about economic development in that interesting region.

In my opinion, this thesis fulfills the requirements we have at the IES. I recommend this thesis for defense.
