Otázka přirozené poznatelnosti Boha u Tomáše Akvinského [rukopis] : a její recepce u vybraných současných autorů : diplomová práce / Jiří Řičař ; vedoucí práce: David Bouma. -- Praha, 2016. -- 62 s.

## **Abstract**

The thesis will be devoted to the possibility of knowing God in philosophical sense. Methodologically disregards the biblical revelation (revelatio) and Christian doctrine. Master student will present appropriate doctrine of Aquinas and tries to find its influences and forms in the works of contemporary philosophers of religion as R. Swinburne, R. Schaeffler and more. The aim of thesis is to express the doctrine of Thomas Aquinas in this area and evaluate its response and changes in the works of certain philosophers.
