

A few words of introduction (Abstract)

In addition to analyzing the concepts of culture, cultural heritage, this thesis mainly deals with the issue of state monument care regulated by the act no. 20/1987 Coll., on State Monument Care, as amended, which is currently valid legislation providing protection cultural monuments and other objects. Since the cultural heritage not only cultural monuments and other objects protected by the act no. 20/1987 Coll., deal with the next part cultural objects, which are regulated by the act no. 71/1994 Coll., on Sale and Export of Cultural Value, as amended, marginally deals with the archival documents as stipulated in the act no. 499/2004 Coll., on Archives and Records Service and amending certain laws, as amended, and museum collections (the collections) which are subject to regulation by act no. 122/2000 Coll., on Protection of Museum Collections and amending certain other acts, as amended.

I believe that this work makes sense, because a student or potential readers may help to understand and summarize the issue of protection of cultural heritage, also may aid in interpretation of the act no. 20/1987 Coll. and also can serve in the future comparison with currently debated new act on the protection of the heritage fund, which is fully replace the applicable legislation.
