Abstract
This bachelor's thesis is composed of two main parts. The first one is the Czech translation of selected chapters of the book *ABC de graphologie* written by Michel Moracchini. The second one – annotated translation – includes the analysis of the source text (based on the Christian Nord's model), description of the translation process and finally, selected translation problems and their particular solutions.

Key words
annotated translation, translation analysis, translation procedures, translation shifts, graphology, personality psychology, handwriting
