

**The abstract**

The main aim of the thesis is preparation of the edition of an educational text by Simon Lomnický from Bude . My work includes the correction of grammar, syntactic and ortographic errors, some of them need special decision, which has no influence on the uniqueness of the middle czech language. I have also analysed main themes and motives, which were similar to the themes of an another same genre books. The end of the life of Simon Lomnicky wasn't very happy and there were a lot of bad legends about his political behavior and his death during 19<sup>th</sup> century, which was destroyed on the beggening of the 20<sup>th</sup> century. I was also trying to find the origin of these rumors and make decision of its.
