COMPARISON CRITERIA BANKRUPTCY PROCEEDINGS

Final work is focused on the realization of the insolvency proceedings in the Usti region in the posts of headmasters. As part of the research were approached founders of schools and school facilities for municipalities and county. The reference period bankruptcy proceedings 2014. The aim is to determine whether the founders - bankruptcy committee bankrupt, or if you use a pre-determined its other other selection criteria for candidates outside the criteria that are set by the law - Law no. 561/2004 Sb. on preschool, elementary, secondary, vocational and other training, as amended (the Education Act), the implementing decree no. 54/2005 Coll., on the particulars of the bankruptcy proceedings and bankruptcy committees, Law no. 563/2004 ., on teaching staff, as amended (the Act on Educational Staff). Newly findings from the survey are compared with the results of the investigation and thesis - Bankruptcy proceedings as director of schools in the Central Region, Ing. M. Řezníková, 2013 - examining the criteria for candidates for the posts of schools in the Central Region for the year 2012. By comparing the results of both works, ie. My undergraduate work and a bachelor thesis Ing. Rezniková can determine whether the founders for both regions progressing in the insolvency proceedings likewise, or whether the procedure is different.

Theme bankruptcy proceedings and the determination and application of the criteria of the insolvency proceedings is the subject of many papers, dissertations, and theses. It is a topic still relevant, interesting, and my acquired knowledge will contribute to knowledge in this area.
