

ABSTRACT

The diploma thesis focuses opening a world of drama education to a group of young learners who are unexperienced at DE. The theoretical part aims to prepare readers to understand a beginner class specifics same as working with aim planning for a particular group of students. In the practical part of the thesis I construct one semester plan of aims for concrete collective of students and assess if the plan was made appropriately, if the goals were achieved and what changes must have been done to adjust the plan to real conditions. Furthermore, the practical part offers tips of lessons and their reflections and it maps development of the study group. Overall aim of the thesis is to bring to a reader theoretical background of working with a DE class of beginners, plan of goals for concrete group and its fulfilling.
