Student’s name: Daulet Balmagambetov
Thesis mentor’s name: Mgr. Lucie Hyršová

Year of the thesis defense: 2017

Title of the thesis:
Pharmacological characterization of novel ligands of P2X3 receptor

The topic of the thesis was chosen from the list of topic in the department

Working with literature excellent.

Language skills excellent.

Student invention excellent.

The student was working independently.

Problems and issues were solved independently.

Working in the lab was excellent.

Interpretation of the results correct with no corrections.

Processing of the thesis was correct with mentor corrections.

Graphical processing of the thesis excellent.

I recommend Diploma thesis for the recognition as Rigorous thesis ☐.

Mentor’s comments both on the thesis and the student’s approach:
Student Daulet Balmagambetov was working on the diploma thesis during his study stay at Pharmaceutical Instute of University of Bonn in Germany within Erasmus+ project. So all the previous points are difficult to answer. I can just tell that author was working studiously and independently and there was almost no need of corrections.

Evaluation of Master’s thesis: excellent
Recommendations for the thesis defense: recommended
In Hradec Kralove 22. 5. 2017
