

Abstract

This Diploma thesis introduce an important pedagogue Mr. Ferdinand Krch of the 20th century. He was not only the pedagogue but he was also a writer, an editor, a warden and methodist. Thanks to an experimental housing called Dum detstvi in Horni Krnsko he became an important part of pedagogue history. He was also a part of another projects such as a Musical institution, Milicuv dům or Akce zamky. The Diploma thesis is also focused on his education theory which has been deposit in his handwritings archives in Narodni pedagogicke muzem and J.A.Komensky library in Prague. Resources for this Diploma thesis were available literature, handwritings and source documents.
