

Abstract

In the Master thesis I deal with the topic of the professional and personal life of diplomats working at the Ministry of Foreign Affairs of the Czechoslovak Socialist Republic/Czech and Slovak Federative Republic and Czech Republic in the 1980's and 1990's. In the background of historical context it is focused on performing of diplomats foreign duties, working issues, achievements and challenges, everyday routine will not be omitted. Specifically it will reflect themes of preparing to leave abroad, to socialize in given country, everyday duties, family life and a free time. Primary source of the Master thesis will contain of the interviews led by method of oral history.
