Průběh obhajoby: The thesis defense started at 11:03. Present were the head of the committee, the dissertation supervisor, and the author of the thesis. The rest of the commission, along with one of the thesis reviewers, joined online. The head of the committee opened the defense by introducing the committee and asked the thesis supervisor to introduce the author; after the introduction, the author started presenting the main results. Following the presentation, the reviews were read. After the introduction of the reviews, the author was given time to respond to the questions implied by reviewers. Discussed were the theoretical as well as methodological aspects of the research. Both reviewers saw the thesis as very strong, and the discussion was mostly centered on possible topics of future publications. The defendant responded clearly and satisfactorily. During the internal discussion of the committee, the extent and scope of the ethnographic research were emphasized positively.
